

For Commercial Insurance Agents and Brokers

Historic Product Program

Fireman's Fund[®]
Insurance Company

A company of **Allianz** 

Fireman's Fund[®] has formed a strategic relationship with National Trust Insurance Services, LLC.

Fireman's Fund and National Trust Insurance Services (NTIS) are introducing a new program offering coverages specifically designed for owners of historic commercial properties. This alliance combines the product expertise of Fireman's Fund with the focus and sales support of NTIS, the affiliated agency of the National Trust for Historic Preservation. The program administrator is the firm Maury Donnelly and Parr, Inc.

The Historic Property Coverage product will now be solely distributed through NTIS.

"We believe this relationship with NTIS gives Fireman's Fund the broad reach needed to accelerate distribution of this product," says Brian Klepchick, Northeast Region Program Director. "An agent no longer has to possess expertise in historic buildings to pursue the business. Appraisals and Insurance-to-Value issues will be handled by the NTIS team."

Targeted Properties

Historic, commercial properties that fall into one or more of the following categories may be eligible for the new program: hospitality (hotels, recreation and leisure, restaurants), public and institutional buildings, real estate and retail. Target properties would also ideally be either

- individually listed on the National Register of Historic Places or a state or local register,

- a contributing building in a historic district listed in the National Register of Historic Places,
- a contributing building in a designated local historical district that has been certified as substantially meeting the criteria for listing in the National Register of Historic Places, or
- a building that is not certified but has been or will be declared eligible for the Register.

If you have submissions for Historic Property Coverage, please contact your Fireman's Fund representative, or you can reach out to National Trust Insurance Services, LLC directly.
